Acrobat Reader(アクロバットリーダー)での文字入力方法

① Acrobat Reader でダウンロードファイルを開く

The screenshot shows the Adobe Acrobat Reader interface with a PDF document titled "年賀ポスター①.pdf" open. The document is a New Year's greeting card with large red characters "謹賀新年" (Ginwa Shinnen) and two decorative baskets of kadomatsu. The interface includes a top toolbar with various icons, a sidebar on the right with tool icons, and a bottom toolbar with text input tools. Annotations in pink and blue highlight specific steps:

- ①** A red circle highlights the "入力と署名" (Input and Signature) tool icon in the sidebar, with the text "ここで文字の色が変更されます。" (Here, the text color can be changed.)
- ②** A red arrow points to the "入力と署名" tool icon in the sidebar, with the text "②「入力と署名」ツールを選択" (② Select the "Input and Signature" tool).
- ③** A blue box highlights the text input toolbar at the bottom, which includes a small "A" (font size), a large "A" (font size), a trash icon, and a color selection icon. A pink arrow points to this toolbar with the text "小さいAをクリックすると文字が小さく。大きいAをクリックすると文字が大きくなります。ゴミ箱をクリックすると削除できます。" (Clicking the small A makes the text smaller. Clicking the large A makes the text larger. Clicking the trash can delete the text.)

At the bottom of the document, there is a white text box containing the placeholder text "□□会社〇〇米穀店" (□□ Company ○○ Rice and Grain Store). Below this box, there is a message: "新年あけましておめでとうございます。" (Happy New Year!) followed by "2025.1.5(木)から通常営業いたします。" (We will resume normal operations from 2025.1.5 (Thu)).
